World Food India 2023

The Indian food processing sector has grown rapidly with an average annual growth rate of 9 percent in the last five years. The sector facilitates strong linkages between industry and the agriculture sector through a wide range of activities, including farming, aggregation, processing, packaging, storage, and distribution. The sector has also witnessed immense surge of opportunities in its champion sectors like frozen food, ready to eat / ready to cook products, millets/nutri-cereals etc.

Recognising the potential of food processing sector in transforming India as the food basket of the world, the Ministry of Food Processing Industries, Government of India has adopted measures to channelise investments in food processing sub-segments. This includes backward linkages, food processing equipment, processing related R&D, cold chain storage solutions, start-ups, logistic & retail chains, encompassing the entire food processing value chain.

With the objective of introducing the world to rich Indian food culture as well as promoting investments in the diverse food processing sector of the country, the Ministry of Food Processing Industries launched the first edition of World Food India in 2017. In view of celebrating 2023 as the International Year of Millets and to bring global food processing industry together, the Ministry is organising the second edition 'World Food India 2023' from 3-5 November 2023 at Pragati Maidan, New Delhi.

Hello, Namaskaar!

I am MillIND, the mascot for World Food India 2023 and the new avatar for the futuristic spirit of India's Food Processing Industry!

The Indian Food Processing Sector at a Glance

Supportive Policy Environment

Business & Regulatory Reforms:

- 100% FDI permitted in Food Processing, Retail trading including e-commerce
- 40,000+ compliances reduced
- Single Window System adopted by 27 Central Departments & 19 state departments

 - Trade & Media Partners

Focused Key Pillars of World Food India 2023

Knowledge Sessions

MoFPI will organise specific theme-based Knowledge Sessions revolving around 5 key pillars of World Food India 2023. The themes of the Knowledge Sessions will encompass diverse facets of the Food Processing value chain, providing an inclusive platform for all stakeholders to collaborate towards unlocking the potential of the sector. The Knowledge Sessions will be categorized as, inter alia, State, Allied Ministries, and various themes. The panelists in these sessions will represent a diverse spectrum of expertise, including prominent figures from the Industry, Government officials representing allied ministries and departments, members of Academia, experts, innovative Startups and Industry Associations. The Knowledge Sessions will ensure a holistic perspective and drive insightful discussions at World Food India 2023, which will form the cornerstone for exchange and dissemination of ideas within the entire ecosystem of food processing stakeholders.

Experience the pinnacle of business networking at World Food India 2023 through Ministry of Food Processing Industries' (MoFPI) exceptional initiative – the Reverse Buyer Seller Meet (RBSM), organised in partnership with the Ministry of Commerce and Industry, along with its allied boards, such as, Tea Board, Coffee Board, Spices Board as well as associated bodies like the Marine Products Export Development Authority (MPEDA) and Agricultural and Processed Food Products Export Development Authority (APEDA). This edition of World Food India is set to witness a seamless collaboration as all these boards converge for a combined Reverse Buyer Seller Meet. The RBSM will connect over 1000 global buyers from more than 75 countries, representing all major geo-economic regions, such as, the Americas, Oceania, Europe, CIS, and Gulf. The meet offers an array of advantages, including enhanced market access, interactions with potential partners, exposure to new products and innovations, insightful discussions on industry trends, and the creation of valuable B2B connections. This will be an exclusive opportunity to forge lasting business relationships and explore new horizons in the food industry.

Reverse Buyer Seller Meet

MSME Support

At World Food India 2023, the Ministry of Food Processing Industries has joined hands with the Ministry of Micro, Small, and Medium Enterprises to strengthen the support for India's Food Processing Sector. For micro, small, and medium enterprises, this event is an invaluable platform to exhibit their strength, establish connections, and foster collaborations with global pioneers and visionaries. What sets this edition of World Food India apart is its inclusion in the MSME's Procurement and Marketing Support Scheme, opening up opportunities for the sector. An extraordinary prospect awaits MSMEs, enabling them to harness the benefits offered by the Ministry's comprehensive Procurement and Marketing Support Scheme. World Food India 2023 will provide a strong conduit for the MSME units to drive their growth and contribute to the dynamic landscape of the food industry.

Through this national-level Grand Challenge, Ministry of Food Processing Industries (MoFPI) along with Startup India aims to spark the ignition of ground-breaking concepts, disruptive ideas driven by novel perspectives and cutting-edge research. With a primary focus on fostering creativity, the challenge sets forth a series of objectives. It endeavours to cultivate indigenous and forward-looking ideas, harnessing modern technology to address critical issues encountered by the food processing sector. Furthermore, the challenge seeks to act as a catalyst for innovation by adoption and strengthening of intellectual property rights. The Start-up challenge will provide opportunities for startups, innovators, and students to engage and collaborate with key stakeholders from the larger food processing ecosystem. Participants will have the unique opportunity to gain insights from industry experts, forging connections, ideate on transformative solutions capable of reshaping the industrial, business, and technological landscape of the food processing sector.

CEO Roundtable with Hon'ble Prime Minister and Hon'ble Finance Minister

Organised by the Ministry of Food Processing Industries, Government of India, WFI 2017 witnessed one of the largest gathering of investors, manufactures, producers, food processors, policy makers, and organisations from the global food ecosystem. The event was inaugurated by the Hon'ble Prime Minister of India **Sh. Narendra Modi** on 3rd November 2017 at New Delhi. Germany, Denmark and Japan were Partner Countries while Italy and Netherlands were the Focus Countries. A lively and vibrant 'Food Street' showcased Indian and foreign cuisines using Indian ingredients, flavours and fragrances - the unique concept acted as a platform for guests to experience Indian food.
